

# Body Sugaring Australia™

## Benefits of sugaring vs other hair removal treatments:

- Attaches only to the hair and not the skin below – virtually PAIN FREE!
- Hair removed in its natural direction of growth
- Hair isn't broken off
- Hair follicles aren't damaged causing infection
- Hair grows back unified
- Can be used on all skin and hair types
- Our *Smoother™* Technique will have you out of there in half the time of waxing! (body part dependent)
- Hair removal intervals are extended
- Hair removed as short as 1.5mm
- Effective as little as 2 days after shaving
- Removal discomfort is significantly reduced
- Ingrowns from shaving/waxing are removed
- Ingrowns are virtually eliminated
- 100% ECO friendly
- 100% Fragrance free
- 100% antibacterial
- 100% water soluble (so no accidentals or 'bits' left behind)
- Natural ingredients
- Safe on varicose veins and spider veins
- Safe on itchy, psoriasis or eczema skins
- Penetrates to lift debris/dead skin cells and unclogs pores
- Removes Blackheads from all body parts
- Leaves no sticky residue
- Australian Owned
- NO Parabens, Silicates, Aluminiums, DHEA or SLS associated with other professional hair removal products

## What is body sugaring?

Body Sugaring is a centuries old hair removal practice dating back to the Ancient Egyptians.

It involves the use of an all natural sugar paste applied to the desired treatment area and significantly reduces the amount of pain normally associated with forms of permanent/semi permanent hair removal.
